

## ALL-IN-ONE TUITION MANAGEMENT SERVICES

Senior Systems Tuition Management is the first K-12 solution that blends the best features of both in-house and outsourced tuition management services.

We offer a live support line for families, processing of paper checks, collection services and auto pay capabilities all in the Senior Systems platform.

### ONE PLATFORM

- Tuition Management built into the Senior Systems database platform.
- One portal for families to manage their payments and student records.
- Instant access to online deposits and real-time reporting across the platform.

### IMPROVED CASH FLOW

- Receive settlements daily – no waiting for funds.
- AutoPay decreases late tuition and incidental payments by up to 30%
- Let us handle all contact with families for collections and delinquent accounts.

### UNPARALLELED SUPPORT

Best-In-Class support for both families and schools for over twenty-five years. We will work hard to make your programs efficient, client oriented, productive and financially rewarding.
